

UNM Web Committee Minutes\
February, 17, 2011

Attending: Matt Carter, Dorene DiNaro, Greg Gomez, Joan Green, Kim Jarigese, Mike Kelly, John Kofonow, Camille Pansewicz, Ray Sykes and Richard Valdez

1. Minutes of the January 20, 2012 meeting approved.
2. Matt Carter brought forward a request to provide a link to "Transcripts" on the UNM homepage. This link would be to order transcripts. After some discussion it was brought forward that Matt will work with the Registrar office to provide a web page with instructions about ordering both official and unofficial transcripts. This page will be linked to the UNM home page. There was some discussion about where the link might go on the home page. Matt will keep us posted as this moves forward.

As this was the first request to the WAC about adding something to the UNM home page and the Web Master wanted the WAC's input on the decision, a vote was taken with results being unanimously in favor of the link.

Some discussion about the new WCT "Button" added and need to be parallel with "learn" as WCT phase out with a new brand.

Ray Sykes suggested a home page links review by the WAC next year. Greg Gomez suggested this be based on evidence of use.

This was approved by a unanimous vote in favor of the suggestion.

3. Ray Sykes passed out a draft of the new Social Media sub-committee guidelines. He thanked all the members of the committee for their good work. He asked that the WAC members circulate this to interested folks they represent and send comments to Ray by March 8.

Ray Sykes will present "road show" at the March meeting

Meeting adjourned at 10:55

Minute recorded by: Mike Kelly
